Mikhael Bornstein
Vice President, Business Operations

Mikhael Bornstein brings to Legacy Leaders a wide range of experience in the charitable sector. With more than fourteen years as a professional fundraiser, he has worked in the arts, health, education, and social service sectors. His past experience includes being the Manager for Annual Giving for the Trillium Health Centre Foundation where his main responsibility was to develop and execute strategies to significantly increase revenue for the Hospital.

Throughout his career he has been involved in all areas of fundraising, but has developed special expertise in applying direct marketing methodologies to fundraising practice. His work for Ryerson University as the Annual Fund Manager made him proficient at managing budgets, leading and analyzing fundraising projects for a large scale University.

Mikhael has extensive experience in using process engineering and data analytics to drive program growth. He holds Bachelors of Commerce with a major in marketing and certificates in Fundraising and Telefundraising. He has also completed specialized training in project management, leadership, and business communications.
